Camps for Children with Special Needs

On the list below you will notice an ACA logo next to each accredited camp. What does ACA Accreditation mean to you?

ACA Accreditation means that your child's camp cares enough to voluntarily undergo a thorough (over 300 standards) review of its operation, from staff qualifications and training to emergency management. American Camp Association collaborates with experts from the Academy of Pediatrics, the American Red Cross, and other youth service agencies to ensure that current practices at your child's camp reflect the most up-to-date, research-based standards in camp operation. Camps and ACA form a partnership that promotes summers of growth and fun in an environment committed to safety.
