History

Tenaflly is a historic town. The name Tenaflly comes from the early Dutch immigrants who founded the town in the 17th century. The name Tenaflly comes from the Dutch phrase "Tiene Vly" meaning "Ten Swamps". During the 18th and 19th centuries, most of Tenaflly's land was cultivated and turned into farm land. In 1872, Tenaflly officially became part of the Palisades Township and 12 years later became its own borough. In the 1860's, New York architect Daniel Topping Atwood designed many significant homes and building including the historic railroad station.

During the revolutionary war, British and Hessian Soldiers invaded New Jersey by crossing the Hudson River. They marched through Tenaflly on their way to Fort Lee. You can find a placard of their root on Tenaflly Road.
